INFORMATION DISCLOSURE STATEMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

The Examiner is respectfully requested to consider the references, which may qualify as prior art and are listed on the attached Patent and Trademark Office Form PTO-1449. A photocopy of the International Search Report, prepared by the European Patent Office, is also attached hereto.

In accordance with 37 C.F.R. 1.97(e)(1), Applicants state that the items provided herewith, were cited by the Australian Patent Office as International Searching Authority under the Patent Cooperation Treaty, in the PCT counterpart of the present application and that the International Search Report was issued by the ISA/AU less than three months prior to the filing of this Information Disclosure Statement.

This information is cited in a spirit of forthrightness and cooperation to enable the applicants to obtain that measure of protection for the invention to which there is entitlement. However, no representation is made that the listed art actually qualifies as prior art under the patent statute and the mere use of PTO-1449 is not an admission that all listed references are prior art. No representation is made that applicants know of the best art.

It is believed that this submission does not require the payment of any fees. If this is incorrect, however, please charge any requisite fees to Deposit Account No. 07-1969.

Respectfully submitted,
